

## EDGE Course Catalog 2024-2025

The courses listed in this catalog will be offered within the EDGE microschool for the 2024-2025 school year. EDGE students* are required to enroll in $\mathbf{5 . 0}$ credits of courses within the microschool. Additionally, all EDGE students are required to take Global Activism each year; this is in addition to the 5.0 credits. Students will enroll in $\mathbf{2 . 0}$ credits outside of the EDGE microschool at their home school, Liberty High School or Liberty North High School.
*12th grade students who are returning to the EDGE program may enroll in 4.0 or 5.0 credits of courses within the EDGE microschool.

## Business

| Course Title: | Business Management |
| :--- | :--- |
| Course Number: | MC01040010 |
| Department(s): | Career, Business |
| Primary Credit Type: | Practical Arts |
| Credit Hours: | 0.5 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This course will integrate an introduction into various courses of study <br> for the future business student including: Economic Systems, Business <br> Management, Marketing, Business Law, International Business, <br> E-Commerce, and Human Resources. |

| Course Title: | Personal Finance |
| :--- | :--- |
| Course Number: | MI01996400 |
| Department(s): | Career, Business |
| Primary Credit Type: | Personal Finance |
| Credit Hours: | 0.5 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |

| Course Description: | Personal Finance is designed to prepare students to make wise <br> financial decisions. Topics include personal budgeting, banking <br> services, understanding credit, taxes, investment options, risk <br> management, automobile purchases, and consumer rights and <br> responsibilities. Emphasis is placed on developing decision-making <br> skills for real-life financial situations. Personal Finance is a course <br> designed to help students become informed consumers. This course <br> will focus on specific consumer issues that will be encountered during <br> life. During the course, students will study the U.S. economic system, <br> smart consumerism, money management, guarding against fraudulent <br> or deceptive sales practices, and socially responsible behavior. This <br> course will help prepare students for life on their own. |
| :---: | :--- |

## Electives

| Course Title: | Advanced Debate |
| :--- | :--- |
| Course Number: | SD02056510 |
| Department(s): | Performing Arts (Debate/Speech) |
| Primary Credit Type: | Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| School Availability: | LHS students only due to MSSHA regulations |
| Repeatable: | No |

| Course Description: | Advanced Debate is a year-long course designed to assist students in <br> redefining basic skills learned in Debate I and to teach advanced <br> debate theory along with more complex principles of strategic debate, <br> and argumentation. Course work includes advanced study in debate <br> theory, debate strategy and topic analysis, completion of written <br> assignments such as varied case formats, negative and affirmative <br> briefs, persuasive speeches, and participation in practice debates as <br> well as competitive debates on a varsity level. Students must prepare <br> individual speaking events for competition and will accumulate points <br> for advanced membership in the National Forensic League. <br> Participation in four interscholastic debate and forensic tournaments <br> during the year is required. |
| :---: | :--- |
| Prerequisite: | Grade of B or above in Debate I, an overall GPA of 2.5, and teacher <br> approval. |

| Course Title: | AP Research |
| :--- | :--- |
| Course Number: | AP01991296 |
| Department(s): | Experiential, College |
| Primary Credit Type: | Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |

| Course Description: | AP Research allows students to deeply explore an academic topic, <br> problem, or issue of individual interest. Through this exploration, <br> students design, plan, and conduct a year-long research-based <br> investigation to address a research question. In the AP Research <br> course, students further their skills acquired in the AP Seminar <br> course by understanding research methodology; employing ethical <br> research practices; and accessing, analyzing, and synthesizing <br> information as they address a research question. Students explore <br> their skill development, document their processes, and curate the <br> artifacts of the development of their scholarly work in a portfolio. <br> The course culminates in an academic paper of 4000-5000 words <br> (accompanied by a performance or exhibition of product where <br> applicable) and a presentation with an oral defense. |
| :---: | :--- |
| Prerequisite: | AP Seminar |

| Course Title: | AP Seminar |
| :--- | :--- |
| Course Number: | AP01991295 |
| Department(s): | Experiential, College |
| Primary Credit Type: | Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | AP Seminar is a year-long course that has students investigate <br> real-world issues from multiple perspectives. Students learn to <br> synthesize information from different sources, develop their own <br> lines of reasoning in research-based written essays, and design and <br> deliver oral and visual presentations, both individually and as part of <br> a team. |
|  |  |

| Course Title: | Contemporary Issues |
| :--- | :--- |
| Course Number: | SS01156620 |
| Department(s): | Social Studies |
| Primary Credit Type: | Elective |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Students will identify major trends, issues, and problems confronting <br> them in today's world. The pressing social, economic, and political <br> issues, both international and domestic, will be described, evaluated, <br> understood, and analyzed. Students will develop and employ critical <br> thinking, reading, writing, verbal, and social science skills. Topics to <br> be covered will include foreign relations, domestic and international <br> economics, and the social, cultural, and political trends of <br> contemporary America. |

| Course Title: | Debate |
| :--- | :--- |
| Course Number: | SD01056510 |
| Department(s): | Performing Arts (Debate/Speech) |
| Primary Credit Type: | Eng Lang Arts Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| School Availability: | LHS students only due to MSSHA regulations |
| Repeatable: | No |

| Course Description: | Debate I is a year-long course designed to teach the skills of analysis, <br> research, and reasoning. Students learn to logically develop and <br> organize rational arguments on both sides of controversial subjects <br> and defend those arguments thoughtfully and articulately from the <br> attack of others. Coursework includes the study of basic debate <br> theory, topic analysis, the completion of written assignments such as <br> evidence cards, simple case formats, briefs, persuasive speeches, and <br> participation in practice and competitive debates on a novice level. <br> Students accumulate points for membership in the National Forensics <br> League. Participation in four interscholastic debate and forensics <br> tournaments during the year is required. This commitment includes <br> rehearsal in addition to classroom hours and weekend travel with the <br> Debate and Forensic Team. |
| :---: | :--- |
| Prerequisite: | 2.5 GPA, MSHAA eligible, average grade of B or above throughout |
| the year, and teacher approval. |  |

| Course Title: | Global Activism |
| :--- | :--- |
| Course Number: | MI01991015, MI02991015 |
| Department(s): | Experiential, EDGE |
| Primary Credit Type: | Elective |
| Credit Hours: | 0.25 per year |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | Yes |
| Course Description: | This course is designed to build the foundational skills necessary to <br> expand your understanding of the world and investigate how global |
| issues impact people, place, ideas, and events throughout the world. |  |
| Students will learn a variety of interpersonal skills that are useful for |  |
| immersing in different cultures and exploring global issues within a |  |
| variety of environments. The course will also support students in |  |
| applying a variety of project management skills and research methods, |  |
| both quantitative and qualitative, that are useful for investigating |  |
| global issues. Students will also study activism frameworks from a |  |
| historical perspective and learn to plan, implement, and evaluate |  |
| strategies for creating change. |  |

$\square$

| Course Title: | Global Leadership |
| :--- | :--- |
| Course Number: | MI02996000 |
| Department(s): | EDGE |
| Primary Credit Type: | Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | $11-12$ |
| Dual Credit: | Yes |
| Repeatable: | Yes |
| Course Description: | Global Leadership will provide EDGE students with insight into <br> the nature and scope of what it means to be a global leader in the <br> 21st Century. Students will explore the core traits, behaviors, <br> and values of what makes an effective global leader, as well as <br> the relationship between personal and professional competencies <br> in leadership development and affecting global change. Students <br> will discover the importance of cross-cultural and intercultural <br> leadership and collaborative skills and will develop an <br> understanding of a variety of social, ethical, and diversity issues. |
| Prerequisite: | Students must have successfully completed one year of <br> enrollment in EDGE. |

| Course Title: | Health |
| :--- | :--- |
| Course Number: | PE01085300 |
| Department(s): | Physical Education |
| Primary Credit Type: | Health |

| Credit Hours: | 0.5 |
| :--- | :--- |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Virtual: | No |
| Repeatable: | No |
| Course Description: | This course will reflect health issues that confront students in <br> their teen years. Topics will include substance abuse, teen <br> pregnancy, smoking, conflict resolution, decision-making skills, <br> and living a balanced, healthy life-style. |

| Course Title: | International Relations |
| :--- | :--- |
| Course Number: | SS01156652 |
| Department(s): | EDGE |
| Primary Credit Type: | Elective |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This introductory high school course is designed to give students the <br> opportunities to contextualize, understand, and evaluate international <br> interactions between states, non-state entities, and supranational <br> organizations. Students will examine major theoretical models of <br> international relations, analyze their application to historical examples, <br> and use them to explain and predict contemporary interactions <br> between these agents. Pressing social, economic, and political <br> international issues will be described, evaluated, understood, and <br> analyzed. Students will develop and employ critical thinking, reading, <br> writing, verbal, and social science skills. Topics to be covered will <br> include governmental structures, interaction, and organization; <br> relations models including realism, neorealism, liberalism, <br> neoliberalism, and constructivism; critical approaches to relations, |

|  | models; the application of these models to the following historical <br> periods: Peloponnesian War (431-404 BC); the Age of European <br> Colonialism (16 <br>  <br>  <br> Century CE to Present); Pre-WWI (circa 1900-1914); Interwar Period <br> (1918-1933); and the Cold War (1946-1989); and the application of <br> these models to existing international issues: nuclear proliferation and <br> deterrence; ethnic conflict, civil wars, and international peacekeeping; <br> globalization, trade, and economics; terrorism; humanitarian <br> intervention; Just War Theory; multipolarity, bipolarity, and <br> unipolarity; anarchy and global governance; nationalism, culture, and <br> identity; and transnational actors. |
| :--- | :--- |

| Course Title: | Psychology |
| :--- | :--- |
| Course Number: | SS01156100 |
| Department(s): | Social Studies |
| Primary Credit Type: | Elective |
| Credit Hours: | 0.5 |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This semester course is an introduction into the study of human <br> behavior. The course familiarizes students with the principles and <br> applications of psychological study. A major goal of the course is <br> to help students gain an understanding of themselves. Key topics <br> covered in the course include the brain and its effect on behavior, <br> consciousness (sleep and mediation), memory, the learning <br> process, personality theory, intelligence, and creativity. |
|  | \begin{tabular}{l}
\end{tabular} |

| Course Title | Sociology |
| :--- | :--- |
| Course Number: | SS01156670 |
| Department(s): | Social Studies |

| Primary Credit Type: | Elective |
| :--- | :--- |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Students will explore the origins of our values/beliefs and behaviors <br> and society's behaviors as well as explore the concepts and theories <br> necessary to understand society. Topics include considering sociology <br> as science, the nature of large-and small-scale groups, social <br> stratification, historical eras and social change, and race, ethnic, and <br> gender relations. |

| Course Title | Speech 1 |
| :--- | :--- |
| Course Number: | SD01056500 |
| Department(s): | Performing Arts (Debate/Speech) |
| Primary Credit Type: | Eng Lang Arts Elective |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | Students will increase their ability and confidence as speaker and <br> presenter in the areas of discussion, persuasion, entertainment, and <br> providing information. This semester course introduces students to the <br> basic techniques of speech writing, delivery, and style. Students study <br> communication theory as a basis for refining their own listening skills <br> and for analyzing audience needs. Students will write and deliver <br> impromptu, extemporaneous, and scripted speeches. <br> Students can only take this course once for credit. This course is a <br> prerequisite for Advanced Speech. |

English Language Arts

| Course Title: | Pre-AP English 1 |
| :--- | :--- |
| Course Number: | LA26054800 |
| Department(s): | ELA |
| Primary Credit Type: | Eng Lang Arts 1 |
| Credit Hours: | 1.0 |
| Grades Eligible: | 9 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Pre-AP English 1 focuses on the reading, writing, and language skills <br> that have immediate relevance for students and that will be essential <br> for their future coursework. Texts take center stage in the Pre-AP |
| English 1 classroom, inspiring and preparing all students for close, <br> critical reading and analytical writing. The course trains the reader to <br> observe the small details in a text to arrive at a deeper understanding <br> of the whole. It also trains the writer to focus on crafting complex <br> sentences, building this foundational skill en route to more <br> sophisticated, longer-form analyses. |  |
| Prerequisite: | English Language Arts department placement. Minimum of 85\% in <br> ELA 8. |
|  |  |

| Course Title: | English Language Arts 1 |
| :--- | :--- |
| Course Number: | LA25054800 |
| Department(s): | ELA |
| Primary Credit Type: | Eng Lang Arts 1 |
| Credit Hours: | 1.0 |
| Grades Eligible: | 9 |

| Dual Credit: | No |
| :--- | :--- |
| Repeatable: | No |
| Course Description: | This course is designed to cover many aspects of communication, <br> including reading, writing, speaking, listening, and information <br> literacy. Literature study will include a variety of selected readings <br> including essays, short stories, novels, and plays. Composition will <br> be a significant part of this course with specific instruction in the <br> development of thesis statements, multi-paragraph essays, and <br> writing for different purposes and audiences. The conventions of <br> writing will also be emphasized. Writing will be enhanced through <br> the use of computers and other electronic resources. |

| Course Title: | PreAP English 2 |
| :--- | :--- |
| Course Number: | LA29054800 |
| Department(s): | ELA |
| Primary Credit Type: | Eng Lang Arts 2 |
| Credit Hours: | 1.0 |
| Grades Eligible: | 10 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Pre-AP English 2 builds on the foundations of Pre-AP English 1. <br> While English 1 introduces the fundamentals of close observation, <br> critical analysis, and the appreciation of author's craft, English 2 <br> requires students to apply those practices to a new array of nonfiction <br> and literary texts. As readers, students become aware of how poets, <br> playwrights, novelists, and writers of nonfiction manipulate language <br> to serve their purposes. As writers, students compose more nuanced <br> analytical essays while never losing sight of craft and cohesion. |
|  | ( |

| Prerequisite: | English Language Arts department placement. Minimum of $85 \%$ in <br> PreAP English 1. |
| :--- | :--- |

| Course Title: | English Language Arts 2 |
| :--- | :--- |
| Course Number: | LA28054800 |
| Department(s): | ELA |
| Primary Credit Type: | Eng Lang Arts 2 |
| Credit Hours: | 1.0 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This year-long course integrates the study of literature with the <br> writing process. Students will develop techniques for literary <br> analysis and demonstrate attendant critical thinking skills. Finally, <br> students will research specified topics using a variety of resources <br> and will provide documentation consistent with MLA manuscript <br> format. |

| Course Title: | English Language Arts 3 |
| :--- | :--- |
| Course Number: | LA31054800 |
| Department(s): | ELA |
| Primary Credit Type: | Eng Lang Arts Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |

| Course Description: | English Language Arts 3 is a year-long course that focuses on <br> further developing reading, writing, speaking, listening, and <br> thinking skills. Students will further develop techniques for literary <br> analysis and research. They will read, analyze, and respond in <br> writing to various literary genres in the text American Literature as <br> well as various novels, review usage and mechanics and continue to <br> develop vocabulary. |
| :--- | :--- |
| Prerequisite: | Successful completion of English Language Arts 2 or PreAP <br> English 2. |
| Recommendation: |  |
| Please Note: | This course is not open to students who have taken American <br> Literature and Composition I or II. |

| Course Title: | Advanced English Language Arts 4 |
| :--- | :--- |
| Course Number: | LA34054800 |
| Department(s): | ELA |
| Primary Credit Type: | Eng Lang Arts Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | 12 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Advanced English Language Arts 12 is a year-long course that <br> focuses on further developing reading, writing, speaking, listening <br> and thinking skills for students who are college-bound but not yet <br> ready for dual-credit or advanced placement courses during their <br> senior year. In order for students to prepare for reading and writing <br> tasks at the college level, they need to study and practice the typical <br> rhetorical modes and broaden their experience with diverse <br> literature. |
| Prerequisite: |  |

| Recommendation: | Successful completion of junior level English with an A or B. This course is geared toward students planning on attending college and needing practice with college-type writing and analytic skills. |
| :---: | :---: |
| Course Title: | AP English Language and Composition |
| Course Number: | LA01054895 |
| Department(s): | College, ELA |
| Primary Credit Type: | Eng Lang Arts Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | 11, 12 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Advanced Placement English Language and Composition is a year-long course in which students develop advanced rhetorical strategies and writing techniques. Students will explore the relationship between writer, audience, and purpose via the analysis of a wide variety of historical and contemporary, predominantly non-fiction, texts such as speeches, letters, essays, blogs, and articles. Students will develop the ability to compose sophisticated arguments and synthesize multiple resources and perspectives into compelling individual views. They will learn both to revise through multiple drafts and to effectively write on demand" through in-class writings. All students are expected to take the AP exam at the end of the year. " |
| Prerequisite: | Successful completion of English Language Arts 1 and 2, PreAP English 1 and 2, and have the recommendation of their English Language Arts teacher. |

## Fine Arts

| Course Title: | Art \& Design |
| :--- | :--- |
| Course Number: | AR01024100 |
| Department(s): | Visual Arts, EDGE |
| Primary Credit Type: | Fine Arts |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This semester-long class is an exploration of 2 dimensional and 3 <br> dimensional art media that fall outside our year long course offerings. <br> In addition to art making, topics will include art's historical context <br> and its effects on our modern lives. Curriculum may include, but is <br> not limited to, illustration, printmaking, fiber art or consumer design. <br> This class is non-repeatable and meets .5 of a student's fine art <br> graduation requirement. |
|  |  |

| Course Title: | Digital Photography |
| :--- | :--- |
| Course Number: | AR03024130 |
| Department(s): | Visual Arts, EDGE |
| Primary Credit Type: | Fine Arts |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | Yes |

| Course Description: | Digital Photography is a class that focuses on taking and editing <br> pictures with your cell phone. Students will learn about the history of <br> photography, how to use different settings on their phones for <br> photography, and how to get the best quality photos using lighting, <br> backdrops, etc. |
| :--- | :--- |

| Course Title: | Global Creations |
| :--- | :--- |
| Course Number: | AR01024199 |
| Department(s): | Visual Arts, EDGE |
| Primary Credit Type: | Fine Arts |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9-12$ |
| Dual Credit: | No |
| Repeatable: | Yes |
| Course Description: | Students will expand their art-making skills using a variety of <br> mediums based on a different focus each semester (ie: Jewelry <br> making, Sculpture, Drawing and Painting, etc.). Our focus will be to <br> investigate the world of art through a cultural lens and how to use art <br> as a voice for change. Skills will be learned through project-based <br> learning focused on the UN Sustainable Development Goals. |
|  | (ent |

## International Language

| Course Title: | Spanish I |
| :--- | :--- |
| Course Number: | FL04066300 |
| Department(s): | International Language |

| Primary Credit Type: | Elective |
| :--- | :--- |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Throughout the course, students will develop basic communication <br> skills of reading, writing, speaking, and listening. Hispanic culture <br> will be highlighted. |

| Course Title: | Spanish II |
| :--- | :--- |
| Course Number: | FL05066300 |
| Department(s): | International Language |
| Primary Credit Type: | Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Building on the format of Spanish I, students will increase their <br> vocabulary and will use more complex sentence structure and <br> grammar skills in oral and written work in the present and past. <br> Daily communication skills will be increasingly emphasized. <br> Hispanic culture will be integrated into daily class activities as a <br> natural comparison of cultures. |
| Prerequisite: | Successful completion of a full year of Spanish I. |

| Course Title: | Spanish III |
| :--- | :--- |
| Course Number: | FL06066300 |

| Department(s): | International Language |
| :--- | :--- |
| Primary Credit Type: | Elective |
| Credit Hours: | 1.0 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This advanced course emphasizes reading, writing, speaking, and <br> listening in the target language. This course consolidates the <br> language skills acquired in introductory level courses and builds <br> communication skills by increasing knowledge of grammatical <br> structures. Culture of the Spanish-speaking world is explored in <br> greater detail. |
| Prerequisite: | Teacher recommendation if below a B in Spanish II. |

## Math

| Course Title: | Algebra II |
| :--- | :--- |
| Course Number: | MA04115810 |
| Department(s): | Mathematics |
| Primary Credit Type: | Mathematics |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |

| Course Description: | Algebra II continues the study of algebra, the representation of <br> quantities using variables and mathematical operations to show <br> relationships. Students will represent relationships and functions <br> with linear equations and explore relationships of direct and indirect <br> variation. Students will explore quadratic functions and perform <br> operations with complex numbers. Polynomials and their properties <br> will be explored and graphed. Students will explore exponential <br> relationships, logarithmic functions, and probabilities. |
| :---: | :--- |
| Prerequisite: | Passed both semesters of Algebra I and completed Geometry. |
| Recommendation: | If a student does not achieve a grade of C or above in Algebra I, it is <br> suggested that the student take Algebra I in summer school. |

| Course Title: | Geometry |
| :--- | :--- |
| Course Number: | MA01115865 |
| Department(s): | Mathematics |
| Primary Credit Type: | Mathematics |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Geometry is the study of figures, their properties, and their role in <br> the world around us. Students will learn how to identify, measure, <br> describe, and classify geometric figures such as lines, triangles, <br> quadrilaterals, circles, and various solid figures. Students will use <br> reasoning skills and known properties to explore and prove certain <br> relationships such as congruence, similarity, and transformations. |
| Prerequisite: | Passing grade both semesters Algebra I. |
| Recommendation: | If a student does not achieve a grade of C or above in Algebra I, it <br> is suggested that the student take Algebra I in summer school. |

| Course Title: | Global Mathematics |
| :---: | :---: |
| Course Number: | MA10115800 |
| Department(s): | Mathematics, EDGE |
| Primary Credit Type: | Mathematics |
| Credit Hours: | 0.5 |
| Grades Eligible: | 10-12 |
| Dual Credit: | No |
| Virtual: | No |
| Repeatable: | No |
| Course Description: | Global Mathematics is a course that examines fascinating topics from the world of mathematics. The curriculum includes mathematical topics from ancient to modern times. Topics include ancient number systems and explorations of the history of Chinese, Indian, Mayan, Babylonian, and European mathematics. Students will use this historical perspective as a basis to utilize mathematics to study and solve current global issues. <br> Throughout the course, students will develop mathematical thinking in the four global competencies that are pillars of the EDGE Microschool: investigate the world, recognize perspectives, communicate ideas, and take action. |
| Prerequisite: | Successful completion of Algebra II |
| Recommendation: | For college-bound students, note that this course may not be accepted as a fourth year of math credit. Students should verify with the collegiate institution or take the course as a math elective in addition to the required math coursework for college admissions. |

| Course Title: | Precalculus with Trigonometry |
| :--- | :--- |
| Course Number: | $M A 101115861$ |

| Department(s): | Mathematics, EDGE |
| :--- | :--- |
| Primary Credit Type: | Mathematics |
| Credit Hours: | 1.0 |
| Grades Eligible: | $10-12$ |
| Dual Credit: | No |
| Virtual: | No |
| Repeatable: | No |
| Course Description: | This year-long course prepares college-bound students for their <br> first semester of calculus or Advanced Placement Calculus AB. <br> The topics covered include functions and their graphs (polynomial <br> functions, rational functions, exponential functions, and <br> logarithmic functions). Also included is the study of trigonometry <br> (sine, cosine, and tangent functions and trigonometric identities). |
| Prerequisite: | Completion of Geometry, a grade of B or above in Algebra II, or <br> teacher recommendation. |

| Course Title: | Probability and Statistics I |
| :--- | :--- |
| Course Number: | MA01115875 |
| Department(s): | Mathematics |
| Primary Credit Type: | Mathematics |
| Credit Hours: | 0.5 |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |

| Course Description: | This semester course in statistics and probability will give students <br> an introduction to the skills needed to understand and analyze <br> quantitative information that is important in today's society. The <br> topics covered include, but are not limited to, the definition of <br> statistics, frequency distributions, graphing techniques, methods <br> for analyzing data, and the definition of probability, rules of <br> probability, probability distributions, and the normal distribution. |
| :---: | :--- |
| Prerequisite: | Successful completion of Algebra II. |

| Course Title: | Probability and Statistics II |
| :--- | :--- |
| Course Number: | MA02115875 |
| Department(s): | Mathematics |
| Primary Credit Type: | Mathematics |
| Credit Hours: | 0.5 |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This semester course in probability and statistics will be a <br> continuation of material covered in Probability \& Statistics I. <br> Topics covered will include confidence intervals, hypothesis <br> testing, correlation, regression, chi-square tests, and the |
| Frerequisite: | Probability and Statistics I. |
| Recommendation: | Grade of C or above in Probability \& Statistics I. |

## Practical Arts

Course Title:

| Course Number: | FC03096804 |
| :--- | :--- |
| Department(s): | Career, FACS |
| Primary Credit Type: | Practical Arts |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | International Culinary Arts will expand on food preparation skills <br> and students will learn how other countries prepare common dishes. <br> Students will also explore origins, culture, geography, religion, <br> customs, economics, and historical events that have shaped each <br> country's cuisine. |

| Course Title: | Social Media in Modern Society - LV |
| :--- | :--- |
| Course Number: | LV01991100 |
| Department(s): | Liberty Virtual |
| Primary Credit Type: | Practical Arts |
| Credit Hours: | 0.5 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Social Media in Modern Society examines the impact of how various <br> social media platforms have had cultural, economic and political <br> impact on our lives today. The course will examine the history of <br> social media, impact on social movements, privacy concerns, <br> cyberbullying, marketing, maintaining a positive social media history <br> and concerns about addiction to social media. |

## Science

Students will study } \\ \text { the scientific principles, concepts, and methodologies required to } \\ \text { understand the interrelationships of the natural world, to identify and } \\ \text { analyze environmental problems both natural and human-made, to } \\ \text { evaluate the relative risks associated with these problems, and to } \\ \text { examine alternative solutions for resolving or preventing them. Units } \\ \text { of study will include the flow of materials and energy throughout the } \\ \text { biosphere, renewability of resources, environmental quality, and the }\end{array} \\ \text { human impact on the environment. Upon completion of this course, } \\ \text { students will be prepared to sit for the AP College Board Exam. }\end{array}\right\}$

| Course Title: | Biology I |
| :--- | :--- |
| Course Number: | SC01134200 |
| Department(s): | Science |
| Primary Credit Type: | Science |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |

| Repeatable: | No |
| :--- | :--- |
| Course Description: | Students in this course will be introduced to the following topics <br> including the nature of science, biochemistry, ecology, cellular <br> processes, genetics, natural selection, classification, and human <br> body systems. Throughout the year, students will also participate in <br> critical thinking activities and traditional lab investigations. <br> Students will demonstrate understanding through development of <br> laboratory skills, class projects, problem-solving situations, daily <br> assignments, and tests. |
| Please Note: | All Freshmen will enroll in either Biology I or Honors Biology I. |

| Course Title: | Honors Biology I |
| :--- | :--- |
| Course Number: | SC03134200 |
| Department(s): | Science |
| Primary Credit Type: | Science |
| Credit Hours: | 1.0 |
| Grades Eligible: | $9,10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | Students in this course will be introduced to the following topics <br> including the nature of science, biochemistry, ecology, cellular <br> processes, genetics, natural selection, classification, and human <br> body systems. While the course content is similar to Biology I, the <br> Honors Biology I course will conduct more in-depth laboratory <br> investigations with greater statistical analysis and more technical <br> writing of laboratory reports. Throughout the year, students will <br> also participate in critical thinking activities, traditional lab <br> investigations, and mammal dissection. Students will demonstrate <br> understanding through development of laboratory skills, class <br> projects, problem-solving situations, daily assignments, and tests. |
| Please Note: | All Freshmen will enroll in either Biology I or Honors Biology I. |

| Course Title: | Honors Theoretical Chemistry |
| :--- | :--- |
| Course Number: | SC03134600 |
| Department(s): | Science |
| Primary Credit Type: | Science |
| Credit Hours: | 1.0 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This introductory course provides students with a thorough <br> understanding of fundamental chemistry concepts. A <br> comprehensive study of chemistry involves manipulation of <br> algebraic equations; therefore, good math skills are important. <br> Students should expect to use algebra in performing calculations <br> throughout the course. Topics of study include matter, atomic <br> structure, the Periodic Table, chemical formulas and reactions, <br> stoichiometry, bonding, gas behavior, and pH, and nuclear <br> chemistry. Students will apply their understanding of chemistry <br> concepts in the laboratory and on individual assessments. This <br> course moves at a faster pace and requires a greater degree of <br> mathematical precision than Theoretical Chemistry. |
| Please Note: | Successful completion of Algebra I. <br> Prerequisite: |
| Fulfills prerequisite for College Chemistry. All sophomores will |  |
| enroll in either Honors Theoretical Chemistry, Theoretical |  |
| Chemistry, or Physical Science. |  |

| Course Title: | Physics |
| :--- | :--- |
| Course Number: | SC04135900 |
| Department(s): | Science |
| Primary Credit Type: | Science |

| Credit Hours: | 1.0 |
| :--- | :--- |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This is a general physics survey course recommended for students <br> who want an introduction to physics. Topics covered are vectors, <br> kinematics, dynamics, work and energy, momentum, <br> thermodynamics, electricity and magnetism, and, sound and light. <br> Students are expected to have strong math skills in the <br> problem-solving process. Grades are based on labs, tests, quizzes, <br> and homework. Lectures and labs are used to enhance the course <br> for students. This course is not required for AP Physics 1. |
| Prerequisite: | Completion of Algebra II or concurrent enrollment in Algebra II. |

| Course Title: | Theoretical Chemistry |
| :--- | :--- |
| Course Number: | SC02134600 |
| Department(s): | Science |
| Primary Credit Type: | Science |
| Credit Hours: | 1.0 |
| Grades Eligible: | $10,11,12$ |
| Dual Credit: | No |
| Repeatable: | No |

## Social Studies

| Course Title: | American Government |
| :--- | :--- |
| Course Number: | SS01156651 |
| Department(s): | Social Studies |
| Primary Credit Type: | American Government \& Economics |
| Credit Hours: | 1.0 |
| Grades Eligible: | 11,12 |
| Dual Credit: | No |
| Repeatable: | No |

| Course Description: | During this year-long course, students will examine the principles <br> of constitutional democracy in the United States, the relevance and <br> connection of constitutional principles, processes of government <br> systems including campaigns and elections, the relationships among <br> the three branches of government, and compare different <br> government systems. Students will also be studying the federal and <br> state constitutions. After the study of government, students will <br> study basic economic concepts including supply and demand, <br> factors of production, scarcity, inflation, and monetary and fiscal <br> policies. Different economic systems will be compared with special <br> focus on the characteristics of a market economy and the role of the <br> government. This course, along with the Missouri and U.S. <br> Constitution test, must be passed in order to graduate. |
| :---: | :--- |
| Please Note: | Students may complete this course or AP American Government to <br> fulfill their graduation requirement. |

| Course Title: | American History |
| :--- | :--- |
| Course Number: | SS01156661 |
| Department(s): | Social Studies |
| Primary Credit Type: | American History |
| Credit Hours: | 1.0 |
| Grades Eligible: | 9 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This year-long course begins with the Reconstruction Period and <br> examines historical events and trends to the modern day. Major <br> early concepts investigated will be Industrialization and growth of <br> the United States, the early 1900s, Imperialism, the Progressive <br> Movement, Isolationism, World War I, the Depression and New <br> Deal, World War II, the Cold War, Civil Rights, and Post-Cold War |
| America. Students will be required to actively participate in their |  |
| learning, as several unit projects will be completed. |  |

| Course Title: | World History |
| :--- | :--- |
| Course Number: | SS01156663 |
| Department(s): | Social Studies |
| Primary Credit Type: | World History |
| Credit Hours: | 1.0 |
| Grades Eligible: | 10 |
| Dual Credit: | No |
| Repeatable: | No |
| Course Description: | This year-long course traces the development of world history, <br> especially western civilization, from the early days of civilization <br> through the modern era. The contributions and interactions among <br> major civilizations of Asia, Europe, Africa, the Americas, and the <br> Middle East will be included as students study early world <br> civilizations and cultures, classical Greece and Rome, religions of <br> the world, the Middle Ages, the Renaissance and Reformation, the <br> Age of Exploration \& Colonialism, the Scientific Revolution, the <br> Enlightenment, revolutions, Industrialism, Imperialism, nationalism, <br> and 20th century conflicts. The impact of geography and the <br> economic consequences of world events will be an integral <br> component of this course. |
| Please Note: | Students may complete this course or AP World History to fulfill <br> their graduation requirement. |
