LNHS 101

PowerSchool

What is PowerSchool?

PowerSchool is the school district's electronic student information system, allowing real-time access to student progress. The parent portal is the "doorway" into the system giving parents access to information about their student.

How do I access PowerSchool?

All listed parents/guardians may access PowerSchool by navigating to the PowerSchool Public Portal, and creating an account. During creation of the account, the parent must link at least one student by using an Access ID and Access Password provided by your student's school.

What if I don't have an Access ID and Access Password?

Parents and guardians that do not have an Access ID & Password will need to contact the student's school. A photo ID, in person, is required in order to obtain the information, ensuring that only authorized persons will have access to your student's confidential information.

I have access to one of my student's accounts, but not another?

Each student's Access ID & Password is unique to that student. If you already have a PowerSchool log-in and one student linked, you can add another student without creating an entirely new log-in. You must visit the school your student attends, in order to obtain their unique Access ID & Password.

What can I view when I log into PowerSchool?

PowerSchool will allow you to access your student's schedule, assignments, grades, attendance, and even email your student's teacher directly. Simply click on your student's grade, and you will be taken to a screen showing you assignments for that class. Click on the teacher's name to send an email.

Can my student log into PowerSchool?

Yes! Your student has their own access to PowerSchool and can view the same information that parent's can view.

What if I have forgotten my password?
If you have forgotten your username and/or password, please go to the Parent Portal and click "Having Trouble Signing In?" Information will be sent to the email address you registered your account with. Don't forget to check your SPAM email folder! If you have any other questions regarding your PowerSchool Parent account, please contact your student's school.

**What is Canvas?**

- **Canvas** is a learning management system that helps organize learning by connecting the digital materials that teachers and students use in one easy place.

**Why Canvas?**

- Teachers can use Canvas to post class materials, discussion boards, due dates and assignments.
- Students can use Canvas to submit digital work, engage in online discussions and view class materials/calendars in one place.
- Parents can read course announcements, see the course assignments page, preview materials, see due dates and more.

**How do I access Canvas?**

- Visit our short tutorial course for parents at [https://tinyurl.com/CanvasforLPSParents](https://tinyurl.com/CanvasforLPSParents) to create an account and learn more about Canvas features.
- Connect with your student and ask them for their Student Pairing Code in order to create an account.

**Please note that while grades may be posted in Canvas, PowerSchool remains the official gradebook of LNHS.**
