

Fall Curriculum Night

Who: You and your child

What: Fall Curriculum Night

Where: Early Childhood Center

When: Tuesday, November 6th from 6:00-7:00 PM

Why: Spend quality time engaging in learning experiences through play in “Hooterville”. Some children will create this community over the next month. All children will be able to participate in this learning opportunity with their families. Come spend time with your child pretending to be a firefighter, mechanic, doctor, baker and many other community helpers. This is always a favorite activity for the children!
