## **Mission**

The mission of HOSA is to empower HOSA-Future Health Professionals to become leaders in the global health community through education, collaboration, and experience.

## **Goals**

To promote physical, mental, and social well-being.

To develop effective leadership qualities and skills.

To develop the ability to communicate more effectively with people.

To develop character.

To develop an understanding of current healthcare issues, environmental concerns, and survival needs of the community, nation and the world

## **Community Service**

Projects will vary based on the health needs of the community.

## **Planned Activities**

As we are a new chapter, we will be taking the fall semester to come up with activities that can help inform the community about health issues.

## **Membership**

Students who are or have been enrolled in as Health Science or Biomedical Science or an organized health career awareness program or are interested in, planning to pursue, or pursuing a career in the health professions.
