

Technology Student Association (TSA)

Thursdays, 3:30p

Sponsor

Eniola Ajayi, eniola.ajayi@lps53.org and Shannon Winkler, shannon.winkler@lps53.org

Mission

Technology Student Association fosters personal growth, leadership, and opportunities in Science, Technology, Engineering, and Mathematics (STEM); members apply and integrate these concepts through co-curricular activities, competitions, and related programs.

Goals

- Provide a project/display oriented competition for Technology Education students in grades 9-12.
- Help students grow in leadership, academics, and personally.
- Apply STEM principles to real world problems for competition.
- Compete well at state in chosen STEM events and attend Nationals.

Community Service

College and Career Readiness parent outreach TSA National is affiliated with the American Cancer Society.

Planned Activities

- Weekly progress update meetings after school.
- State Competition in Rolla, Mo in March or April each year.
- National Competition in a major city in late June.

Membership

Any student is eligible, but they must choose at least one competitive event, commit to fundraising, and attend the state competition. • There may be a small fee associated with membership or the fee may be collected if the student quits attending after the Limit: No limit but a commitment must be made by each student as there are state and national affiliation costs.
