

PTA Overview

We Need You!

This year more than ever Alexander Doniphan's Parent Teacher Association needs your support to make this school year as successful as possible. Your contributions stay at Alexander Doniphan and directly support the students and teachers!

What is PTA?

The Parent Teacher Association provides an opportunity for Parents and Teachers to collaborate to enhance the student's educational success by providing opportunities to students that are not in the school's traditional budget.

What Does My Membership or Donation Provide?

- Individual supplies to teachers & classrooms based on the school years needs
- Assist with classroom parties
- Read-a-Thon and Book Fair school fundraisers
- Grants for teachers with special projects
 - In the 2019/2020 school year, the PTA helped fund a book vending machine in the library. Kids get to pick their very own birthday book or choose a book as special recognition. Past years include recess toys and couches for the library.
 - Fun Fact: Students and teachers both get to submit and present their proposals for how the funds could be used!
- Yearbook to every Fifth Grader
- Student enrichments, such as field trips
- Anything that may help the school community as we all navigate these unprecedented times

How do you become a Member or donate funds?

Flip page over for details!
