

# LPS Elementary Virtual Schedules

There are many different scenarios in which school(s) may be closed. Below you will find a chart to guide you through which schedule to use during a temporary or long-term closing.

<b>Type of School Closing</b>	<b>Schedule to Use</b>
District Snow Day/Inclement Weather Day	<p>The elementary team is looking forward to providing students with meaningful activities to continue their classroom learning on days that in-person school is canceled due to inclement weather. The elementary inclement weather virtual school day will feature a blend of synchronous and asynchronous learning for students. The day will begin for students with a morning class meeting via Zoom that will allow teachers and students to connect as a class, review learning plans for the day, and resolve any questions that students have about their learning goals for the day. Classroom teachers will provide learning opportunities for students in the areas of reading and math that will be a continuation of classroom learning. PE, Art, Library, and Music will also be providing activities for students based on a rotation. All learning plans and expectations will be sent to parents and guardians through email and will be delivered to students through the platforms they utilize on a daily basis (SeeSaw, Google Site...).</p>
Individual class or school building closure of one week or less	<p>The individual classroom or school building will follow the schedule created by the homeroom teacher which includes a blend of synchronous and asynchronous instruction in math, reading, writing, and social emotional learning. Asynchronous lessons will be sent daily for specials.</p>

District closure of less than one week	The district will follow the Virtual Inclement Weather Day Schedule in a virtual format.
District closure of more than one week	The district will follow the <a href="#">LPS Full Virtual Schedule</a> in a virtual format.

## LPS Secondary Virtual Schedules
