

---Sent Saturday, March 21, 2020---

LPS Families,

Moments ago, the Mayor of Kansas City, Missouri announced an extension of the *Stay at Home Order* that is now effective through **April 24, 2020**. This extension includes all metro school districts, thus Liberty Public Schools will be closed through at least **Friday, April 24, 2020**.

As you know, Liberty Public Schools has a plan in place that includes *Flexible/Extended Learning* from home and a detailed meal services plan that provides breakfast and lunch opportunities for students 18 and under at no cost. Work will continue to be done to extend this plan for the additional weeks ahead. We encourage you to visit our web page that is available on our LPS website, which can be accessed by [clicking here](#).

This continues to be an extremely fluid situation, and we will provide you with regular updates as things move along. As always, thank you for your attention and support as this unprecedented event plays out.
