

--sent 8/14/20--

LPS Families,

Earlier today, we received a recommendation from the Clay County Public Health Center to choose the Missouri State High School Activities Association's spring options for Fall 2020 contact sports, released Thursday, August 13, 2020.

Liberty Public Schools will continue conversations with the Missouri State High School Activities Association, the Greater Kansas City Suburban Conference, and neighboring school districts with similar classifications in determining the best path for us moving forward.

Please know that we understand the importance of extracurricular activities for our learners and the negative consequences that postponing some of these activities might bring. We also must be committed to providing everyone with a safe and healthy environment for which to practice and compete in.

No decisions have been made at this time, and fall practices will resume until further notice. We are committed to providing families and the community with an update when any decisions are made.

Thank you for your continued patience and flexibility as we navigate through various challenging issues in the midst of the pandemic.
