

--sent 8/6/20--

LPS Families,

Following our announcements earlier this week regarding *Return to Learn* plans, we wanted to take a moment to provide you with a few updates prior to the conclusion of the week.

- Yesterday, the Clay County Public Health Center released a Return-to-School Guidance document to the public. This document aligns with the updated LPS plan we shared with families earlier this week. To access this document, [click here](#).
- For families that selected our *Liberty Virtual* learning option for your child(ren), a website has been published and can be accessed by [clicking here](#). This website will continue to be updated in the coming weeks leading up to the start of the 2020-2021 school year. Additional information will be distributed to Liberty Virtual families soon.

For families planning to have their student(s) return to our schools face-to-face next month, building-specific information will be shared by August 20, 2020. Updates are also posted regularly on our LPS Return to Learn web page.

As always, thank you for your continued patience and flexibility as we navigate through the pandemic. Have a nice, upcoming weekend, and be well!
