

(sent 1/21/22)

LPS Community,

You may have seen earlier today that the Missouri Attorney General's office posted on social media that he has filed lawsuits against several school districts in Missouri, including LPS, stating the need to eliminate several COVID-19 mitigation efforts currently in schools. As stated previously, Liberty Public Schools will continue with our current *Return to Learn* COVID-19 protocols in place until further notice. We will be working closely with our legal counsel to navigate the matter.

In addition, we are closely monitoring COVID-19 positive cases, student attendance rates, and staffing levels, and we will be committed to sharing any important information with you in a timely manner, if necessary. Our primary focus at this time is doing all we can to provide in-person learning, in healthy environments, for our students. We continue to be extremely grateful to our entire LPS staff for going above and beyond to meet the needs of our students and families during this challenging time.

Thank you for your attention, and have a nice weekend.

**Office of Communications**
