

--sent 3/22/20--

LPS Families,

We want to provide you with a quick weekend update as our official spring break begins to wind down. We look forward to beginning our *Extended/Flexible Learning Plan* with students Monday morning. A few additional items to share include:

- We encourage you to visit our web page dedicated to important COVID-19 information as it pertains to LPS. This page can be accessed by [clicking here](#).
- A reminder that **ALL DISTRICT SCHOOLS ARE CLOSED** through at least Friday, April 24, 2020. We have received several inquiries from families seeking access to buildings to gain access to essential items, such as medicine and electronic devices. Moving forward, if families need to retrieve an **essential item** that is at their child's school, please call 816-736-5300 during normal business hours (M-F; 8 a.m. - 4:30 p.m.) and arrangements will be made with district security to grant your request. Please know that all buildings are currently receiving a deep cleaning, and we need to abide by this process to not compromise these efforts.
- We have been overwhelmed by the generosity of our community over the course of the past week, as dozens of individuals have reached out to offer support. We now have a page on our website dedicated guiding those who want to provide assistance, or those that might need assistance. This page can be accessed by [clicking here](#).

We plan to continue providing you with updates as we move along. Thank you for your attention and have a nice remainder of the weekend!
