WHAT IS COMPETENCY BASED LEARNING IN LIBERTY PUBLIC SCHOOLS?

In LPS, students demonstrate their knowledge and skills in order to achieve specific, predetermined "competencies," which focuses on outcomes and real-world performance.

1. **EMPOWERED**
   Students are empowered daily to make important decisions about their learning experiences, how they will create and apply knowledge, and how they will demonstrate their learning.

2. **EVIDENCE**
   Assessment is a meaningful, positive, and empowering learning experience for students that yields timely, relevant, and actionable evidence.

3. **DIFFERENTIATED**
   Students receive timely, differentiated support based on their individual learning needs.

4. **MASTERY**
   Students progress based on evidence of mastery, not seat time.

5. **PATHWAYS**
   Students learn actively using different pathways and varied pacing.

6. **STRATEGIES**
   Strategies to ensure equity for all students are embedded in the culture, structure, and pedagogy of schools and education systems.

7. **RIGOROUS**
   Rigorous, common expectations for learning (knowledge, skills and dispositions) are explicit, transparent, measurable, and transferable.

8. **REAL WORLD LEARNING**
   Students engage in Real World Learning experiences that support high school, college, career and workplace readiness.
